

Meet Vice President

Elizabeth McFadden Dubay earned her BA in English from Siena College and Master of Science in Teaching from SUNY Plattsburgh. She was inspired to teach following her volunteer work with inner-city children during college and commenced her career in 1991. Beth taught at St. John's Academy, her Alma mater, Peru Schools: Southside, Northside, Intermediate, and Middle School, and in Lake Placid for three years when PAFB closed-all at the 5th and 6th grade levels. She retired from teaching in June.

Beth has served as Grade Level Chairperson and most recently on the committees of Peer Mentor and New Teacher Orientation. She also was a rep and VP for the Peru Association of teachers. Beth was a cooperating teacher for many SUNY Plattsburgh students. She has been a guest presenter at SUNY's Celebration of Teaching event, provided staff development on the Flipped Classroom, facilitated many book studies in-district and co-facilitated Professional Learning Communities with SUNY professors. Beth is also a NYS Master Teacher Emeritus where she served as a PLT facilitator.

Beth volunteers in her community and is a lay minister of the Eucharist for the sick and infirmed. Beth also loves to read, swim, play pickleball, and hang out with her husband, Steve, and their three sons, Jack (Geneseo grad/Syracuse grad school), Tommy (Clarkson grad), and Mark (Siena-freshman). So, jumping into the Vice President role at the beginning of her retirement only seemed like the way to go in all her free time. We are lucky to have her.
